MEANING

We have deluded ourselves into believing the myth that Capitalism grew and prospered out of the Protestant ethic of hard work and sacrifice. The fact is that capitalism was built on the exploitation and suffering of black slaves and continues to thrive on the exploitation of the poor – both black and white, both here and abroad.

**–Martin Luther King Jr.,
The Three Evils of Society, 1967**

Worley Dervish

One day we must ask the question, 'Why are there forty million poor people in America?' And when you begin to ask that question, you are raising questions about the economic system, about broader distribution of wealth. When you ask that question you begin to question the capitalistic economy.

–MLK (1967)

The trouble is that we live in a failed system. Capitalism does not permit an even flow of economic resources. With this system, a small privileged few are rich beyond conscience and almost all others are doomed to be poor at some level. That's the way the system works. And since we know that the system will not change the rules, we are going to have to change the system.

Allyship in action.

Understanding what an ally is and isn't is just the first step. To make sure we're all on the same page, here are some definitions we're using for the following words:

Equality:

The state of being equal, especially in status, rights, and opportunities.

Equity:

The quality of being fair and impartial.

Micro-inequities:

Small gestures, actions, or comments that, over time, cause people to feel devalued, discouraged, or excluded.

Join a Business Resource Group

Business Resource Groups provide several ways to activate your allyship. If you aren't already a part of the BRG community, join one. Also know that you don't have to be a BRG member to attend events. Attend an event to continue your learning about those in different communities. And, don't forget to leverage a BRG's experience, knowledge and members to make your work even more inclusive.
